

4K Monitor Cheese Plate

4K Monitor Cheese Plate

QUICK START GUIDE

Physical Properties

A. 100mm Mounting Pattern (4x M4-0.7 Holes)

D. Clamp Lever

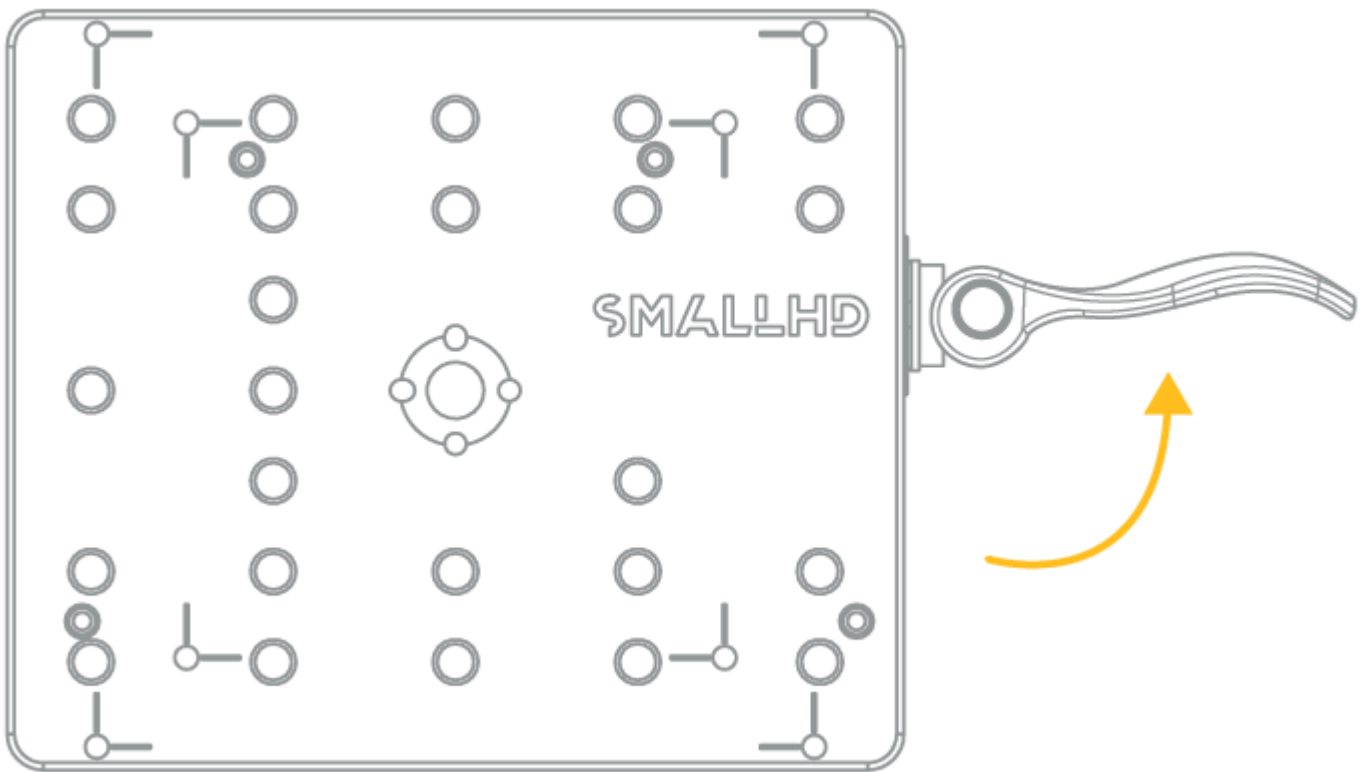

B. 75mm Mounting Pattern (4x M4-0.7 Holes)

E. Dovetail

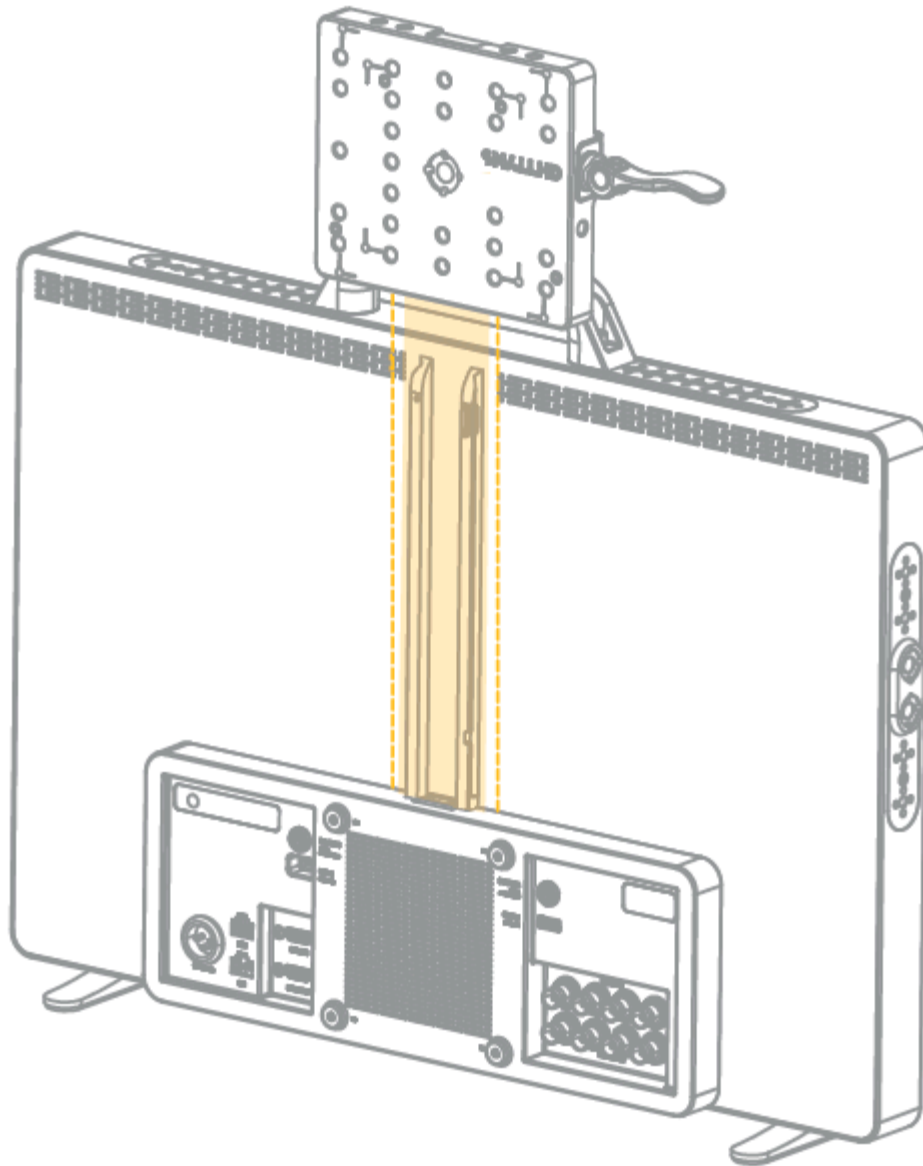

C. Battery Plate Mounting Pattern (4x M3-0.5 Holes)

Installation

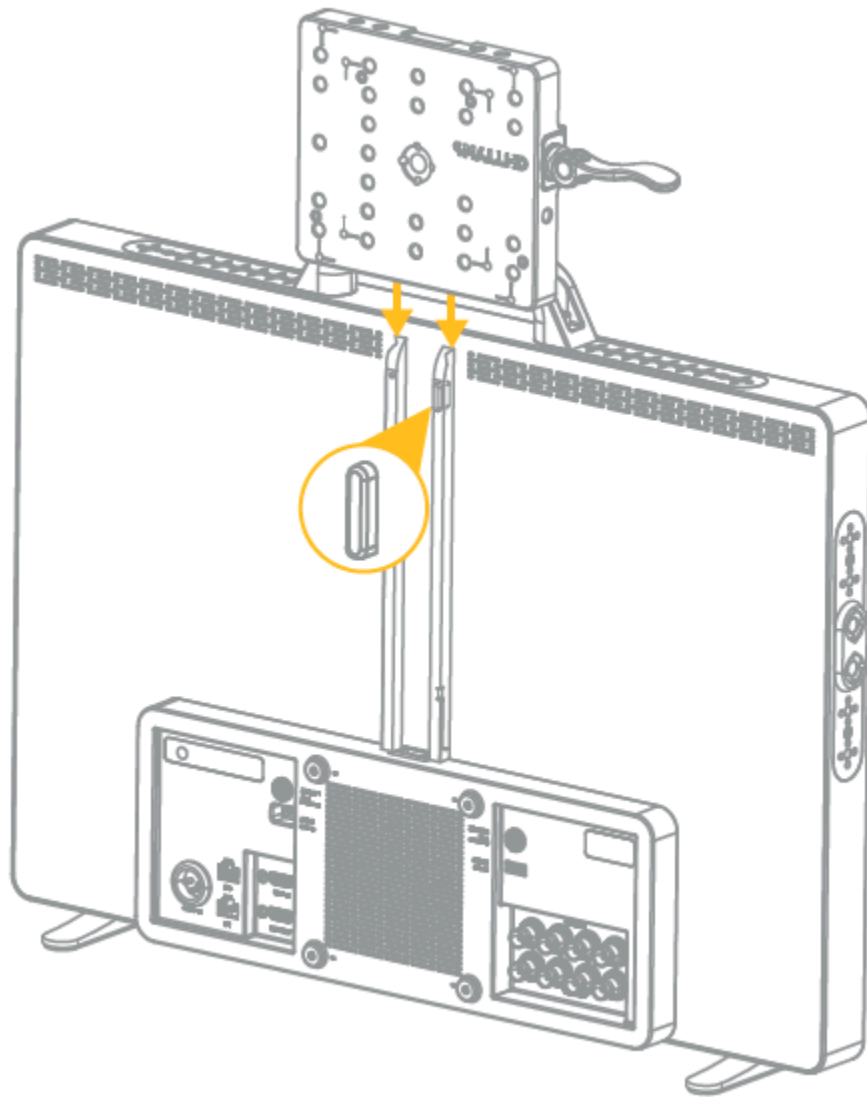

1. Open the clamp lever by pulling up.

2. Align the dovetail of the cheese plate with monitor dovetail rail.

3. Once aligned, press the safety button on the monitor dovetail rail to allow the cheese plate to slide down into the desired position.

4. Once your desired location is set, close the clamp lever to engage the clamp onto the monitor dovetail rail.
